February 26, 2018

To Whom it may concern:

Subject:           secondment of Dr.                               at Fermilab

This is to certify that Dr.                               from INFN has visited Fermilab from February 13, 2018 to February 26, 2018 to participate in activities connected with work package WP6, "FNAL Muon Campus Experiments", within the H2020 Grant Agreement No.                               Dr.                               worked full time on these activities.

Sincerely,

FNAL                   Coordinator
